

Athletes For Better Education
COVID Protocols

Coaches, parents, and players below are the COVID protocols. We need everyone to follow these rules as we want to continue to bring you a fun and safe environment for basketball.

1. All players must be screened by their coach each day no more than 30 minutes prior to the tournament. Coaches have received the form in an email.
2. All players, coaches and spectators should take their temperature before leaving their house each day. Temperatures may be taken at site prior to entry. Anyone with a temperature over 100° may not enter.
3. Everyone must wear a mask at all times even while playing.
4. If you were exposed to someone in the last 10 days or are not feeling well, please stay at home.
5. Please remain 6 feet apart from those not in the same household.
6. After your game(s) are over please exit the gym so the next group of teams can enter the gym and play their games.
7. Whenever possible teams are either playing back-to-back games or playing with an hour gap in between games. This was done on purpose. If you have time off between games, you cannot stay in the gym.
8. **Spectators: All athletes are allowed two spectators.**
